

CV LINK IS COMING TO YOUR AREA

MARCH 28 - APRIL 22, 2022

MONROE STREET TO JACKSON STREET ALONG THE WHITEWATER RIVER

The Coachella Valley Association of Governments (CVAG) is building the next segment of CV Link in the City of Indio. Crews will be paving the concrete pathway along the Coachella Valley Stormwater Channel levee.

CV Link is a 40-plus mile pathway that is being built across the Coachella Valley to provide a safe route to walk, run, bike or use low-speed electric vehicles, such as golf carts. CV Link is expected to provide significant environmental, public health, and economic benefits to generations of current and future residents and visitors to our valley.

WHAT TO EXPECT

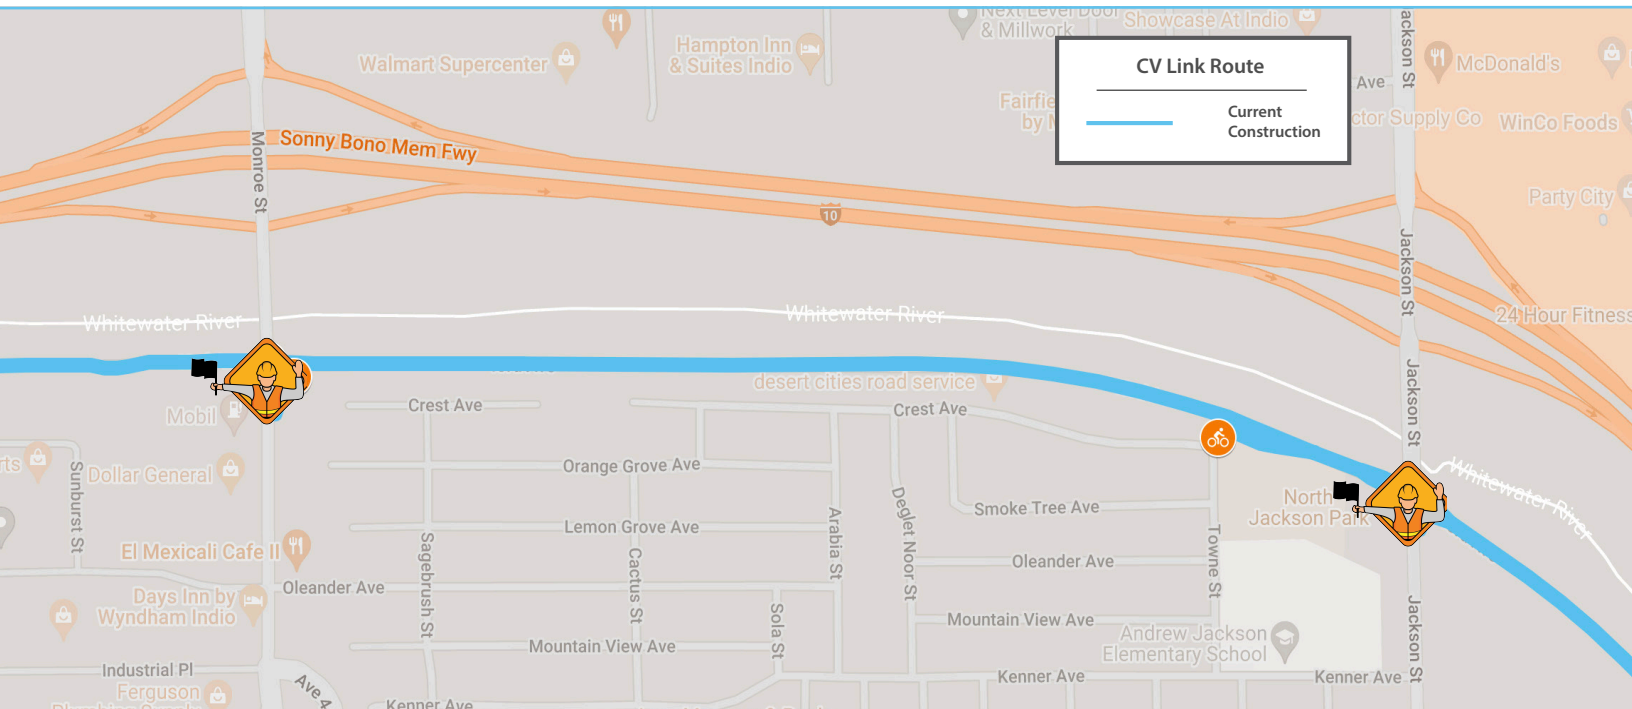

Noise

Vibrations

Businesses and residents near the Coachella Valley Stormwater Channel may experience construction related noise and vibrations. We appreciate your cooperation throughout this project. Every effort will be made to minimize any disturbance to the community. Due to the dynamic nature of construction, please note that all dates and times are subject to change due to unforeseen operational factors or inclement weather.
