

NOTICE OF SIDEWALK CLOSURE

JULY 27 - OCTOBER 31, 2023

COOK STREET TO PORTOLA AVE. ALONG THE WHITEWATER RIVER LEVEE

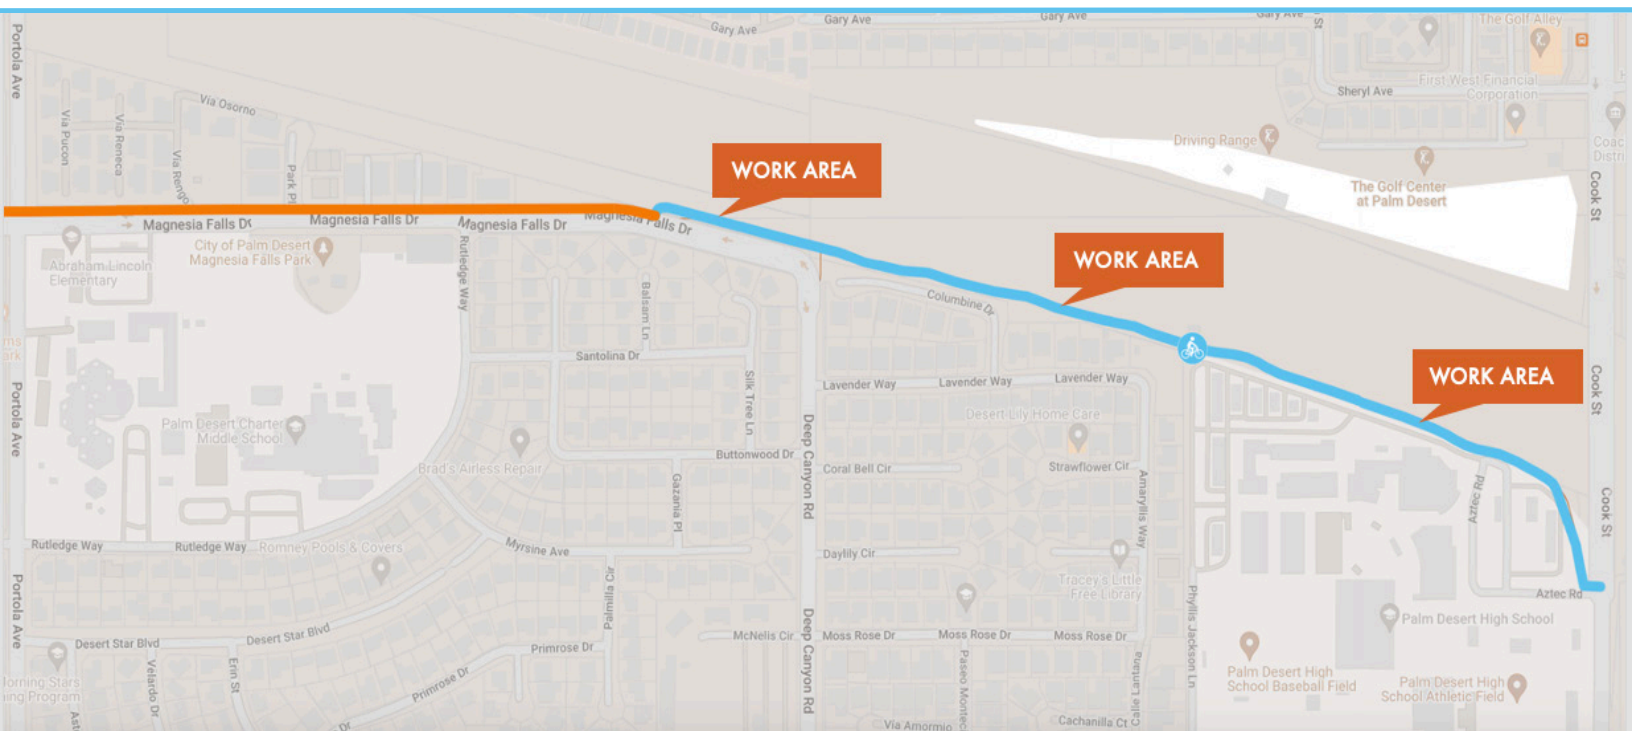

The existing pathway along the Coachella Valley Stormwater Channel levee between Palm Desert High School at Cook Street and Palm Desert Charter Middle School at Portola Avenue will be closed until mid-late October 2023 as it's upgraded to become a part of CV Link. Led by the Coachella Valley Association of Governments, CV Link is a 40 mile pathway for cyclists, pedestrians, and low-speed electric vehicles that will provide a safe route to school and other destinations throughout the valley.

WHAT TO EXPECT

Noise & Vibrations – Businesses and residents near the Coachella Valley Stormwater Channel may experience construction related vibrations and noise that will include some short-term disturbances throughout the late night/early morning.

Alternate Route Required - The existing sidewalk and entire route will be closed off to the public. Please use an alternate route.

We appreciate your cooperation throughout this project. Every effort will be made to minimize any disturbance to the community. Due to the dynamic nature of construction, please note that all dates and times are subject to change due to unforeseen operational factors or inclement weather. Please contact us with any questions or concerns regarding this project.
